To the Attention of the European Commission,

Due to changes in Georgia's legal environment, we, Georgia's Reform Associates (GRASS, PIC: 942681406), will be terminating our participation in the DE-CONSPIRATOR project (Grant agreement ID: 101132671), which we have already confirmed to the Consortium.

The University of Georgia, Tbilisi (PIC: 941852250), will replace us and take over all tasks, deliverables, budget, and person-months assigned to GRASS.

We hereby confirm that the University of Georgia has the scientific, administrative, and budgetary requisite infrastructure to take over tasks and deliverables transferred from GRASS and handle budgetary reporting as required by the European Commission.

Best regards,

Paata Gaprindashvili,

Director
